

Worked all Counties Commonwealth of Massachusetts Award Application

This award is available to Amateur Radio Operators worldwide for making and confirming contacts on the Amateur bands with other Amateurs in all 14 Massachusetts counties after December 21, 1620 with the caveat that the county must have existed during the contact. This generally means contacts after February 5, 1812. Within the US all contacts must be made from the same county. From outside the US all contacts must be made from the same country. Contacts through earth repeaters are not permitted. All bands and modes are acceptable. This application is available at www.n1nc.org.

Record stations worked on the form below. Have two non-family licensed Amateurs witness the QSL cards confirming the contacts listed below and sign.

COUNTY	STATION WORKED	DATE/TIME	BAND/MODE	COUNTY	STATION WORKED	DATE/TIME	BAND/MODE
Barnstable	_____	_____	_____	Hampshire	_____	_____	_____
Berkshire	_____	_____	_____	Middlesex	_____	_____	_____
